

Together, we're investing in our community, and we couldn't do it without you!

Minnesota's workforce is evolving – and so are we. As technology advances and community needs grow, Goodwill-Easter Seals Minnesota is moving into the future with a new Career & Services Campus, opening Fall 2025 in St. Paul's Energy Park neighborhood.

With your partnership, our services and programs have grown. [Last year we served more than 5,600 participants](#). The people we serve also earn, on average, 40% more than Minnesota's minimum wage, which is important when you're supporting a family.

The expanded campus will foster growth and innovation based on participant career paths and labor force needs. We'll also launch new career training courses in solar panel installation, heat pump installation and electric vehicle support equipment repair.

I like the word “together,” because we don't do any of this alone. Our service to the community is possible because of your passion and commitment to helping people find not just a job, but a career. Thank you!

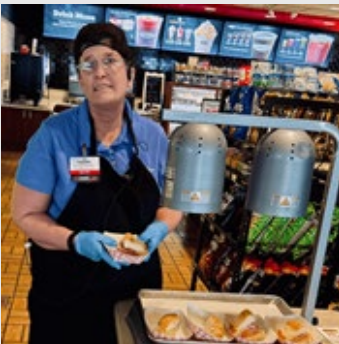

With gratitude,
Michael Wirth-Davis
President & CEO

Bo found connection with FATHER Project

"It was tough," Bo said of being a self-employed single parent. But connecting with other parents through GESMN's FATHER Project made a difference. "Getting to hear from other dads who were going through or had gone through similar things and navigating next steps was extremely crucial."

Individual support helps Tammy succeed

When Tammy connected with GESMN's disability services, she found the guidance and support she needed to not just find a job, but a career. Last year, she started working at Kwik Trip and absolutely loves it. "I like talking with the guests at work, which I didn't get to do in past jobs." Tammy shared. "Its helped me push myself to get out more."
